

We will not let this continue.

A war is being fought against the people of the world- here in the United States and across the globe- by oligarchs, billionaires, and dictators. It didn't start in 2025; it has been growing in ferocity for many decades. But it is now reaching its peak in blatant suppression of free speech with violent attempts to silence and punish protesters; destruction of already inadequate social safety nets; escalating wars of ethnic cleansing; persecution of vulnerable populations everywhere; and the swift, systematic disassembling of any system of checks and balances that might stand in its way.

With its illegal, unconstitutional, and immoral actions, the xenophobic, racist, corrupt Trump administration and its allies are leaders in an international movement towards global fascism. But the people of the United States are joining the people of the world to say, ***"we will not let this continue."***

Resistance is our power.

Throughout the country, people are finding their voices and taking to the streets to challenge the Trump regime's illegitimate use of authority and its abuse of power. Our city, New Haven, CT, is no exception.

June 11, 2025: Protest against ICE in New Haven

The seizures of five people in Connecticut by U.S. Immigration and Customs Enforcement- one a New Haven mother taken from her car while her children watched- sparked protests in New Haven on Wednesday, June 11. June 14, 2025: No King's Day

Organizers estimated that more than 5 million people participated in over 2,000 planned protests across the nation in communities large and small to counter Trump's \$45 million military parade in the nation's capital on June 14th. <https://www.npr.org/2025/06/14/nx-s1-5432708/no-kings-protests-military-parade>.

Here in New Haven, 3,000 people took over the streets:

Every day, resistance is growing in our country and across the globe. Be a part of it.

**SILENCE IS NOT AN OPTION.
RESIST FASCISM (before it's too late.)
RESIST THIS ENDLESS WAR.**
