

Protest Citizens Bank Financing of ICE Detention Centers
Friday, July 17, 2026: 39 Church Street, New Haven

PROTEST
New Haven

Delaney Hall is a GEO ran ICE detention center financed by Citizens Bank! Join us @ **39 Church Street** as we hold Citizens accountable for financing **FOR PROFIT** prisons! **NO** to constitutional rights violations! **NO** to inhumane detainment! **NO TO CORECIVIC AND GEO GROUP!** Citizens Bank, **DIVEST NOW!** To learn more about De-ICE Citizens visit de-icecitizensbank.org

Are you OK with masked ICE agents invading our communities, sweeping up our immigrant neighbors, more than two-thirds of whom have no criminal history (1), and holding them without due process in brutal detention camps? **If you have a problem with this, you may want to avoid or stop doing business with Citizens Bank.**

Citizens Financial Group, Inc. (CFG) is a principal lender to the two largest public corporations operating ICE detention facilities – GEO Group and Core Civic. While most banks pulled out of financing these companies, CFG has helped for-profit prison companies access over \$2.6 billion in financing since 2012 through loans and lines of credit.

Conditions in ICE Detention Centers

The Department of Homeland Security (DHS) claims that these detention facilities are safe and humane. But, in reports corroborated by members of Congress who have gained access despite attempts by the

facilities to prevent their entry, detainees paint a different, harrowing picture, describing “punishing conditions, enforced isolation, neglect of people with disabilities, denial of access to counsel, and... inadequate medical care.”(2) Deaths in these prisons since January 2025 have increased by a rate of four times more than previously. An analysis by the American Civil Liberties union (ACLU) of 2025 mortality data found that 95% of these deaths were preventable.(3) **All this is being financed in large part by Citizens through its relationships with GEO Group and Core Civic.**

Not with our money!

“De-ICE Citizens Bank” is a grassroots initiative created in response to the growing outrage over conditions in these detention facilities. **Unless and until Citizens Financial Group stops financing them, we are urging individuals, businesses, municipalities and elected officials to stop banking at Citizens.** In response to abuses prompting a hunger strike at Delaney Hall (a GEO Group facility) in Newark, Jersey City recently pulled \$265 million in city funds out of the bank. New Jersey’s public worker pension fund sold off related bonds. The Greater Boston Interfaith Organization (GBIO) and Greater Cleveland Congregations (GCC) have mobilized over \$24 million in pledged withdrawals if Citizens fails to take steps to “de-ICE.”

Come to the July 17th protest at the Citizens Bank at 39 Church Street in New Haven to talk with Citizens customers and urge them to join this larger movement demanding: “Not with our money!”
