All Connecticut residents and allies: Join the demonstration and March in Danbury starting at 5:00 pm at Library Plaza this coming Wednesday, September 2.

Silence is not an option

Sixty-four people were seized by ICE from Monday to Thursday in Danbury last week, including parents who were taken in front of their children at school bus stops. Nearly forty others were taken in Bridgeport, Hartford, Redding, and Stamford as well.

These kidnappings represent a serious escalation of ICE activity in Connecticut, obviously timed to coincide with the opening of schools. Unlike previous, somewhat more targeted grabs in this state, these raids used racial profiling to pick up many people at random, including at day labor centers and simply off the street.

Activist allies have been pepper sprayed and had their vehicles deliberately hit by ICE. The Mayor of Danbury warned at a press conference on Wednesday that “these are dangerous actors who have killed people.”

At the same press conference, many of those attending shouted down elected officials, who they believe have not acted decisively or swiftly to stop the raids, including Governor Ned Lamont.

The ICE kidnappings in Danbury, throughout Connecticut, and throughout the United States are a key part of the MAGA fascist takeover of our country. ICE is an extralegal (unregulated and unsanctioned by law) organization formed by the MAGA government to terrorize our communities. It won’t stop unless we stop it.

Silence is not an option.
