

A Message from Win Without War One Year of False “Peace” in Gaza

(<https://winwithoutwar.org/one-year-of-false-peace-in-gaza/>)

Issued October 9, 2026

One year following the ceasefire in Gaza brokered by President Trump, the genocide continues. Since President Trump’s Gaza deal was signed, the Israeli military has killed over 1,300 Palestinians, including 300 children. The Israeli government is killing countless more by maintaining restrictions on aid and medicine in Gaza and preventing the reconstruction of the hospitals it bombed. Since October 2025, Prime Minister Netanyahu has gradually expanded Israel’s “yellow line” de-facto annexation to include almost two-thirds of Gaza’s territory. Meanwhile, he and other senior Israeli officials publicly endorse the ethnic cleansing of Gaza, including openly discussing plans to force Palestinians in Gaza to emigrate en masse.

This heartbreaking violence is Trump’s peace plan in action. The ceasefire agreement failed to include any real accountability mechanisms that might restrain the Israeli government’s aggression in Gaza. Moreover, his administration refuses to hold Netanyahu’s government to its word on ending bombings, withdrawing troops, or expanding humanitarian access. Indeed, with the recently announced sale of 40,000 U.S.-made bombs to the Israeli military, Trump has only emboldened PM Netanyahu.

The ongoing genocide, now entering its fourth year, is the predictable and intended outcome of Trump’s approach. Horrifically, it is just one aspect of his administration’s continuing assault on the safety of people across the Middle East and around the world. From establishing a corrupt and neocolonial Board of Peace structured to deny Palestinian self-determination in Gaza to obstructing accountability for murders of U.S. citizens by Israeli troops and settlers in the West Bank to joining PM Netanyahu in his long-sought war on Iran, Trump’s violence and impunity has produced catastrophic outcomes.

Today, as we pass yet another heartbreaking milestone, we reaffirm our demand for a lasting peace in Gaza and beyond, and for justice and accountability for those who have been harmed.

Every day of violence means people in Palestine, Israel, and beyond are unsafe. This is Trump’s peace plan in action. The ceasefire agreement failed to include accountability mechanisms that might restrain the Israeli

government’s aggression. A recently announced sale of 60,000 U.S.-made bombs to the Israeli military all but assures further harm.

Fortunately, what happens next isn’t up to Trump. Right now, we’re seeing a seismic shift when it comes to momentum to block weapons sales, hold the Israeli government accountable for violence in Gaza, the West Bank, Lebanon, and beyond, and reexamine U.S. complicity in suffering across the globe.

Just last month, 47 senators — a record-breaking number — voted in favor of a resolution demanding a State Department investigation into U.S. complicity in settler violence in the West Bank. That’s seven more than we had in an April vote on weapons sales. It all set the stage to block offensive U.S. military aid, weapons sales, and more to the Israeli government.

From the New Haven Sunday Vigil for Peace and Justice:

Contact your congressional representatives immediately and repeatedly by email, phone, and in person to tell them to block arms sales to the Israeli government. Tell all candidates for public office in the upcoming midterm elections that they must pledge to end U.S. funding and fueling of the endless wars at home and abroad- and that they will be held to that promise when they are elected.

BUT DON’T STOP THERE! Join nonviolent protests on the streets to end the U.S. war on Iran and end U.S. funding and arming of Israel’s continued genocide in Gaza. Numbers matter.

Silence is not an option.

*Resist this Endless War. Resist fascism now (before it’s too late.)
